A p p e a l
to everyone who cares

The purpose of this appeal is to help raise funds for the operation of the injured child – **Kolesan Yegor** (12 years old).

Yegor needs an urgent, very complex operation to remove a growing tumor from his brain. Only 3-4 of the best neurosurgeons in Ukraine can perform such an operation. Unfortunately, it is impossible to do it for free.

Our organization has conducted the necessary studies at its own expense.

Supporting documents are posted on our website: restoration.net.ua and can be sent to you upon request.

Donated funds can be transferred directly to Yegor's accounts without any intermediaries:

- card account in Privatbank **5168 7520 2368 5269**

Address and contact details:
